

GSEB CLASS 10 SOCIAL SCIENCE

Chapter 1: Heritage of India - Section B

SECTION B

Q1. Find and write the names of the animals depicted on the national emblem of India.

- **Animals Depicted:** The national emblem shows **four lions, a horse, an elephant and a bull.**
- **Arrangement:** The four lions stand back-to-back, while the horse, elephant and bull appear on the circular abacus.
- **Symbol:** The figures are part of the **Lion Capital of Ashoka**, the basis of India's national emblem.
- **Importance:** The animals and the Dharmachakra together represent India's historical and cultural heritage.

Q2. Give brief information of Negritoid (Habsi).

- **Ancient Inhabitants:** Negritoid or Habsi are considered among the **earliest inhabitants of India.**
- **Origin:** According to the textbook tradition, they migrated from **Africa via Baluchistan.**
- **Physical Features:** They were described as having **black skin, curly hair and a short stature of about 4-5 feet.**
- **Settlement:** They settled in the Indian subcontinent before the arrival of later groups such as the Australoids and Aryans.

Q3. "A harmonious culture was created in India." Explain this statement.

- **Migration:** Many tribes and communities came to India, settled here and became part of Indian society.
- **Amalgamation:** They gradually mixed with local people through social interaction and shared life.
- **Cultural Exchange:** Their languages, customs, traditions and beliefs influenced one another.
- **Result:** This long interaction created a **rich, varied and harmonious composite culture** in India.

Q4. How can we say that the Aryans were nature-lovers?

- **Respect for Nature:** The Aryans respected natural elements such as **trees, rivers, mountains, the Sun, wind and rain.**
- **Worship:** They treated many forces of nature as sacred and worshipped them.
- **Hymns:** They composed **Richas** and hymns in praise of natural elements.
- **Religious Practices:** Their religious life included Vedic prayers, chants and **yagyas** connected with nature.

Q5. Which are the things that are included in our cultural heritage?

- **Definition:** Cultural heritage includes things created, developed or acquired by human beings through **knowledge, skill, art and wisdom**.
- **Buildings & Monuments:** Palaces, temples, mosques, stupas, viharas, forts, historical gates and important monuments are included.
- **Knowledge & Arts:** Languages, scripts, literature, mathematics, astronomy, metalwork and other intellectual achievements are included.
- **Traditions:** Customs, religious practices, daily lifestyle and festivals passed down through generations also form cultural heritage.

Q6. Differentiate between India's natural heritage and cultural heritage.

Feature	Natural Heritage	Cultural Heritage
Meaning	Result of nature, environment and human life; it is gifted naturally.	Man-made heritage created or acquired by human beings using intellect, art and skill.
Origin & Nature	Formed mainly by natural processes without human creation.	Created through human effort, knowledge, skill and social development.
Components	Mountains, rivers, forests, flora, fauna, soil and natural landscapes.	Monuments, sculptures, scripts, literature and historical inventions or works.
Key Examples	Himalayas, Ganga and Indus rivers, Banyan tree and Asiatic lions of Gir.	Lothal, Sun Temple of Modhera, Ashoka's inscriptions, Sabarmati Ashram and the discovery of zero.
